For all your Family Health Care Needs

From the Principal

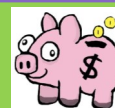

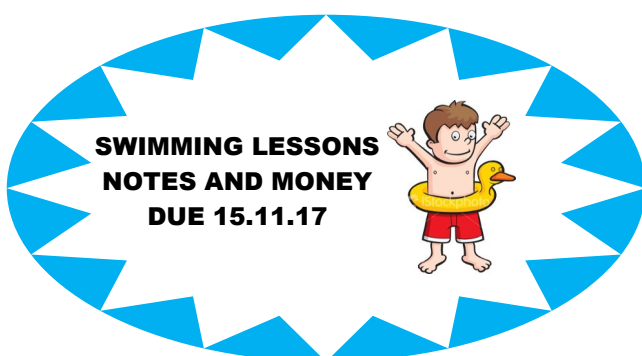

It was wonderful to see a gathering of people on Friday last week for our Grandparents' picnic lunch. Family can hold a special place in our lives and it is always a special time to connect children's school life with members of their family.

Staff members had a productive 3 days working alongside our partnering consultant Mr Ian Luscombe. We are continuing the development of our whole school practices as we have been reviewing our Positive Behaviour for Learning systems and processes. Ian will continue his partnership with NPS next year and we hope to be able to offer a separate parent/carer session with Ian as well early next year. We will advertise more details about this as decisions are finalised. What an exciting time at NPS as we continue our strong focus on inclusive student learning and wellbeing.

During the remainder of Term 4, staff members at NPS will devote a considerable amount of time to a range of the department's professional learning sessions as well as having many local tasks and events to finalise and/or coordinate. Our school will be introducing and using the 'Learning Progressions for Literacy and Numeracy' beginning 2018 and members of the leadership team will be learning more about these in the coming weeks prior to leading Term 1 professional learning for all teachers. We also have a new finance system to learn and begin using this term. These are just a few professional learning focuses' that we are involved in and we hope to inform interested families about aspects of this new learning in 2018. Aspects of these will assist parents/carers to develop a stronger understanding about programs at NPS that support student learning.

Have a most enjoyable week.

Sue Ruffles
