From the Principal

Wow! It is incredible to think we are now only 8 school days away from the end of the Term. This term has been jam packed with excursions, whole school events, and brilliant learning opportunities which truly does show that life is returning to a somewhat pre-Covid normal. This was highlighted with last week's Stage 3 major excursion to Bendigo and Ballarat. From the stories I have heard it was a brilliant excursion! A huge thank you must go to all staff members who gave up time from their own families to provide this amazing opportunity for our students.

Last week we were also able to celebrate and recognise our school support staff right across the school from the amazing Office staff to our Learning Support Officers and incredible ground staff. These people are the reason our school runs smoothly every day and we say thank you once again!!!

Next week we will celebrate a huge whole school event with Carnivale on Wednesday. Each and every class has been working very hard on their country of study finding authentic curriculum links that engage the students while learning about the amazing world around us. We hope that we can see many of our community visit during this event to share in the learning of our students.

Over the coming weeks we will have a range of notes coming home in regard to whole school events and end of year activities. We will try and communicate these across the many platforms but please regularly check your child's bag to ensure that nothing is missed or forgotten.

With schools now open for business and many visitors coming and going throughout the day it is important that when you visit the school you sign in through the Front Office. This allows us to keep everyone, including our visitors, safe. Thankyou in advance for your cooperation with this.

Finally, Brax Ivanoff played some high quality Golf and finished mid field at the NSWPSA Golf Championships. This is a huge achievement. Congratulations Brax! We are very proud of your effort.

Enjoy the week,

Brent Fennessy

DID YOU KNOW?

Quarter of 12-13 year olds are **not** meeting minimum sleep guidelines on school nights

Half of 16-17 year olds are **not** meeting minimum sleep guidelines on school nights

Children who consistently get a good night's sleep:

- Are more able to learn and remember new things.
- Can create and maintain good relationships.
- Are better able to make positive decisions.
- Can concentrate on tasks for longer.
- Have more energy during the day.

So, how much sleep do kids really need?
