From the Principal

Just like that, we are at the last newsletter for the year. Firstly, a huge thank you to our school community who have supported so many school events this year; from our weekly assemblies to carnivals, gala days – the list goes on. Our kids are always so well supported by you at home, so a big thank you.

This year has been full of massive achievements and events for the school. I want to put a particular mention out to those who were involved in the organisation of our Riverina Dance Festival performance and our 150th Anniversary extravaganza; these two events were certainly a highlight for myself and showed the amazing things our kids can do when given the chance to shine.

The last seven days have also been a highlight for every student participating in our Annual School Learn to Swim program. Even with the cold wet weather, the enthusiasm and effort the kids have been putting in has been awesome.

This Friday, we will hear from our 12 Year 5 Prefect Candidates on why they should help lead our school in 2024. They are a brilliant group of young leaders, and I wish them all the best. Unfortunately, we can only elect 8, but I am sure all 12 will lead in different ways next year, as will all our future Year 6 students.

The end of the year also means that we are saying goodbye to our Year 6 students, many of whom are the last in their family to attend NPS. I want to say a big thank you to all of you for choosing Narrandera Public to help your child grow and develop, and for those families moving forward to Narrandera High, I wish you all the best.

To everyone, I hope you all have a wonderful festive season and can spend some downtime with friends and family. We will see you all back in 2024.

Term 1 resumes for all students on Thursday 1st February.

Happy Holidays!

Narrandera Preschool has been providing excellence in early childhood programs for many years. Our program encourages children to have fun, make choices whilst learning through their individual interests and having their 'voices' being recognised. Exploration, endless opportunities, creating environments and messy play are encouraged to assist with learning, while preparing children for school.
